

January 11, 2010

Dear Pharmacy Tech,

The start of a new decade is upon us. As a pharmacy technician practicing in today's pharmacy, we have seen many changes in pharmacy throughout the last ten years. While pharmacy technicians have advanced our positions in many ways, we still have work to do in advancing others.

Your commitment to AAHP through membership serves as your voice in shaping the future role of pharmacy technicians in Arkansas. Now, more than ever, your involvement in AAHP shows your investment in our profession. Whether you practice in retail, institutional or hospital pharmacy-AAHP offers membership to all pharmacy technicians regardless of practice setting. **Membership dues are only \$10.00 and are payable to AAHP.**

During the 44th Annual AAHP Fall Seminar, a new pharmacy technician representative will be named. I have enjoyed serving as the representative and have learned skills that are useful in my role as a pharmacy technician and as a professional in our state. Please consider this call for nomination as an avenue to serve our profession.

Name of nominee for 2010-2011 AAHP Pharmacy Technician Representative

Name _____

Mailing Address: _____

City: _____ State _____ Zip _____

Phone: _____ Email Address: _____
